- 1 MegaWatt Solar Project for PID#17-01500-75-013 to be built summer of 2019
- Property owners: 21175 Northfield Blvd, William and Diane Nelson
- Encompass about 8 acres of land

Mike Kampmeyer was in to propose a solar project on William and Diane Nelson's PID#17-01500-75-013 to encompass about 8 acres of land. It would be on the north side of 250th behind the trees there west of the cell tower. They would tap into existing lines. They would have a 25 year contract with Xcel to sell to them.

Mike was told a Conditional Use Permit was required along with a Public Hearing as per Section 630 Solar Energy p.92 of the Hampton Township Zoning Ordinance manual.

Notice of the Public Hearing set for Monday April 8, 2019 @ 7pm must be posted in the newspaper 10 days prior and neighbors within ¼ mile or 10 closest properties must be notified via letter from the township clerk.

**Dave Peine made a motion to adjourn at 7:46pm. Mike Tix seconded it. Meeting was adjourned.**
